

laminin subunit alpha-4-like

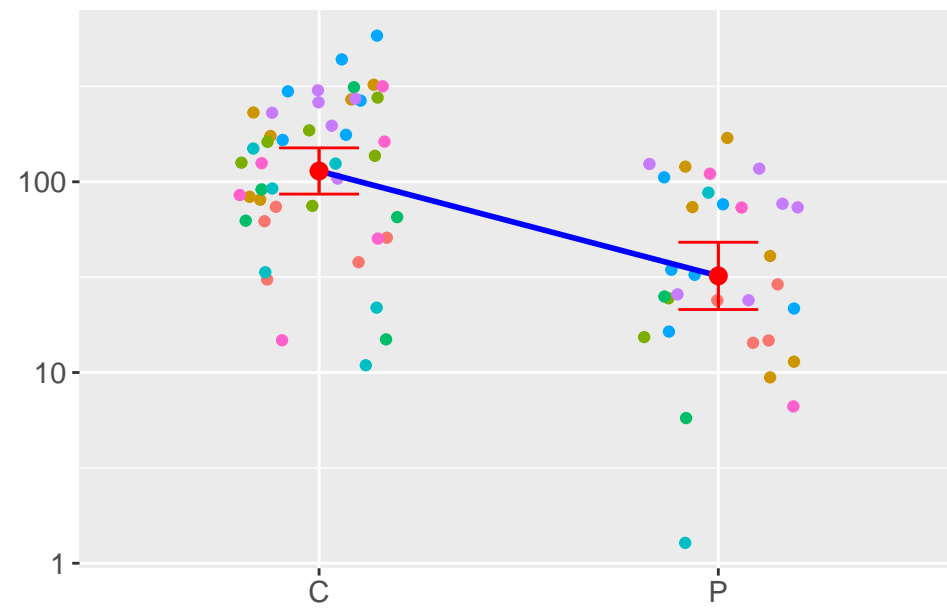

cellular retinoic acid-binding protein 1-like

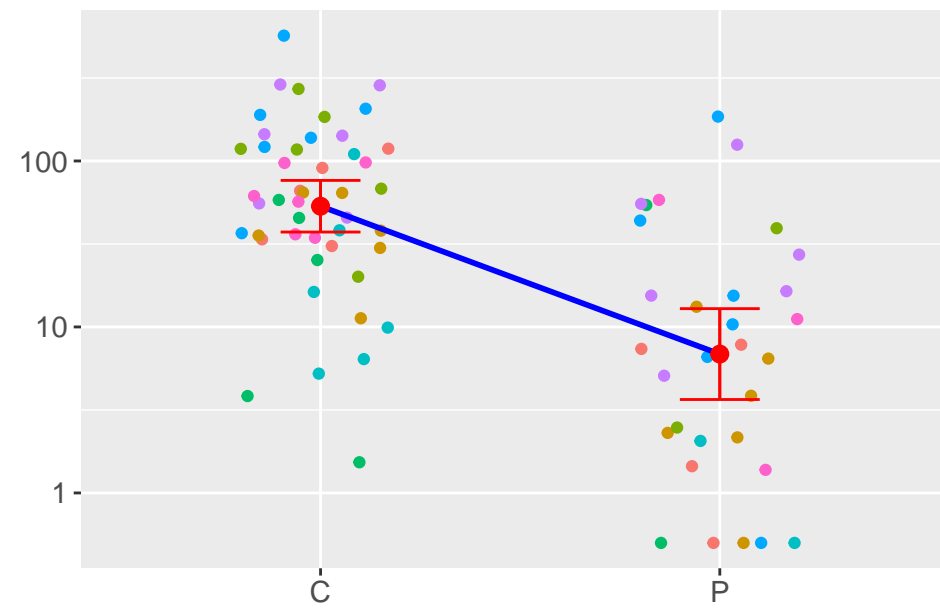

glycogen debranching enzyme

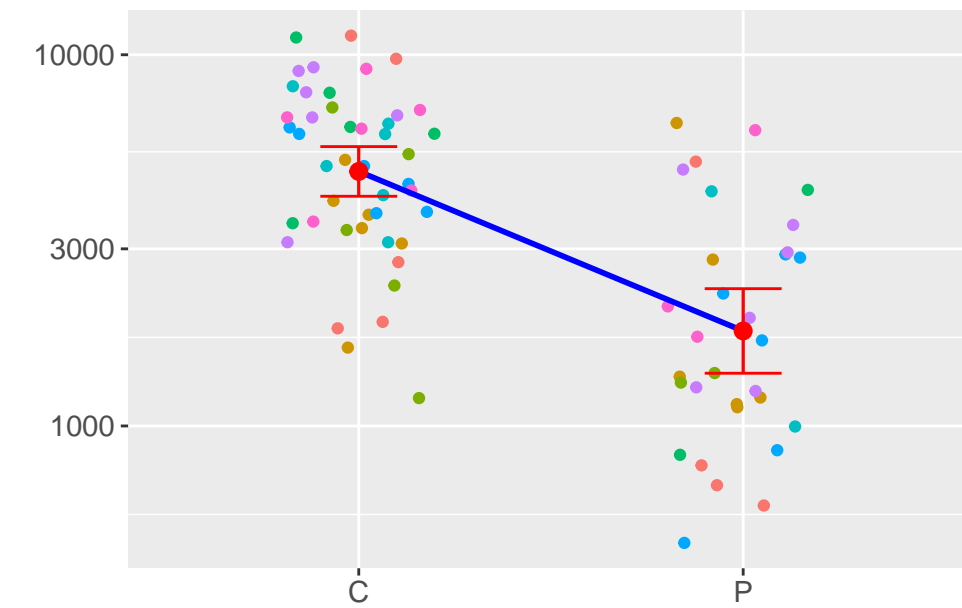

V-type proton ATPase proteolipid subunit

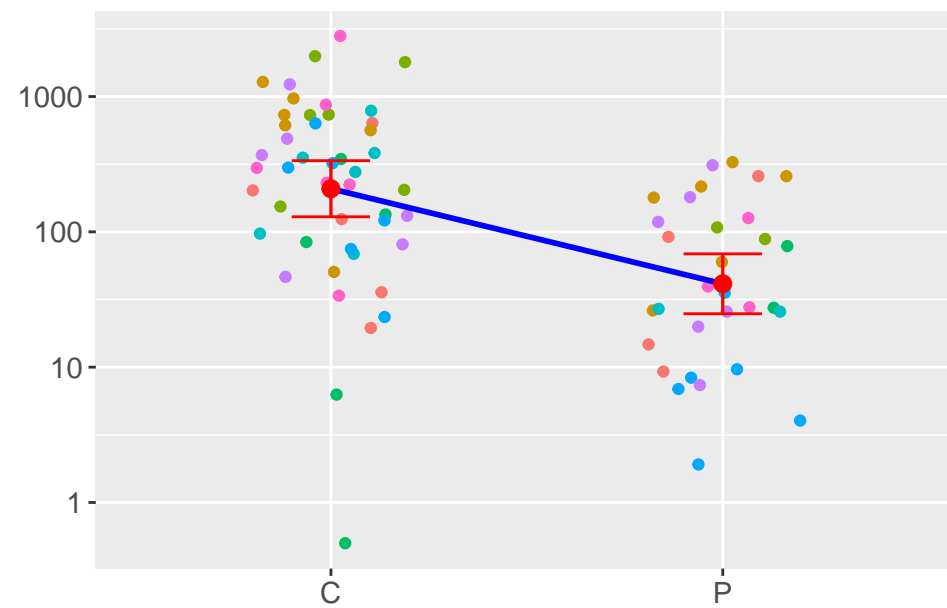

C-type lectin 1

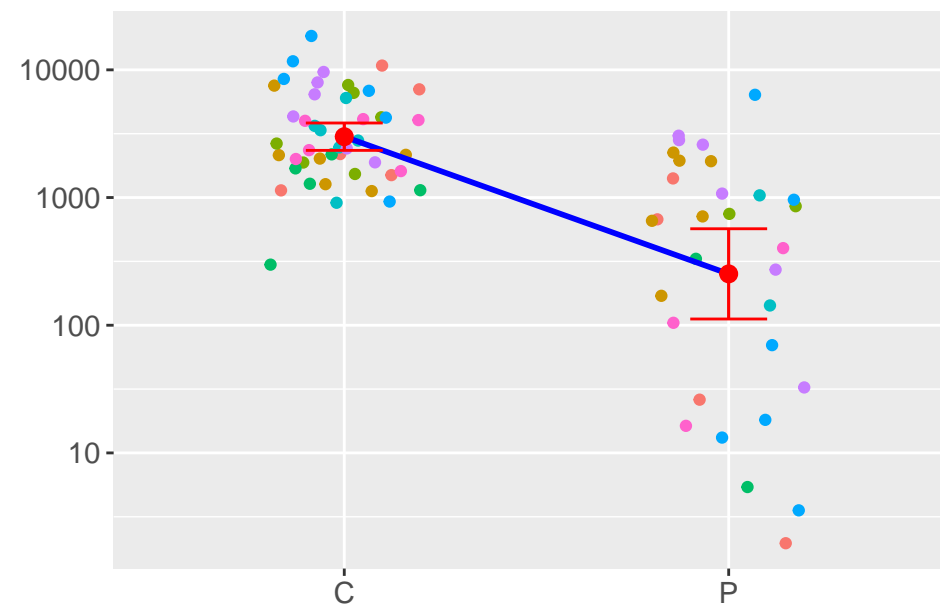

ficolin-2-like

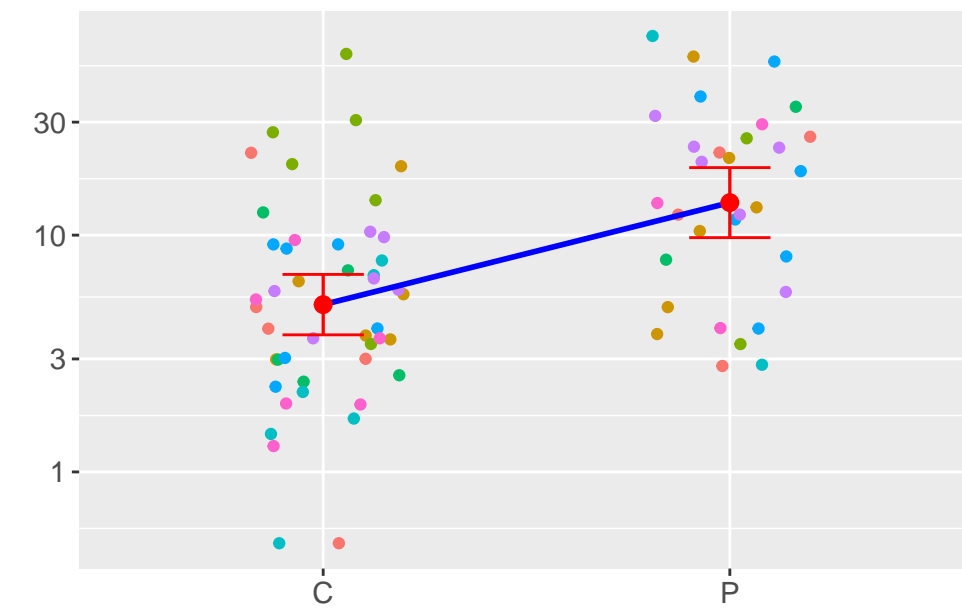

hemolymph clottable protein

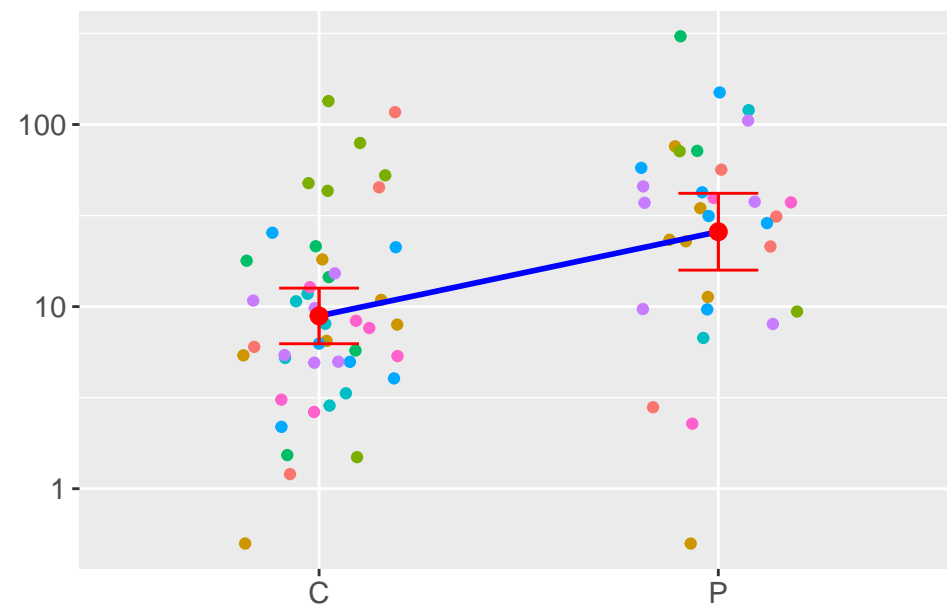

D-3-phosphoglycerate dehydrogenase

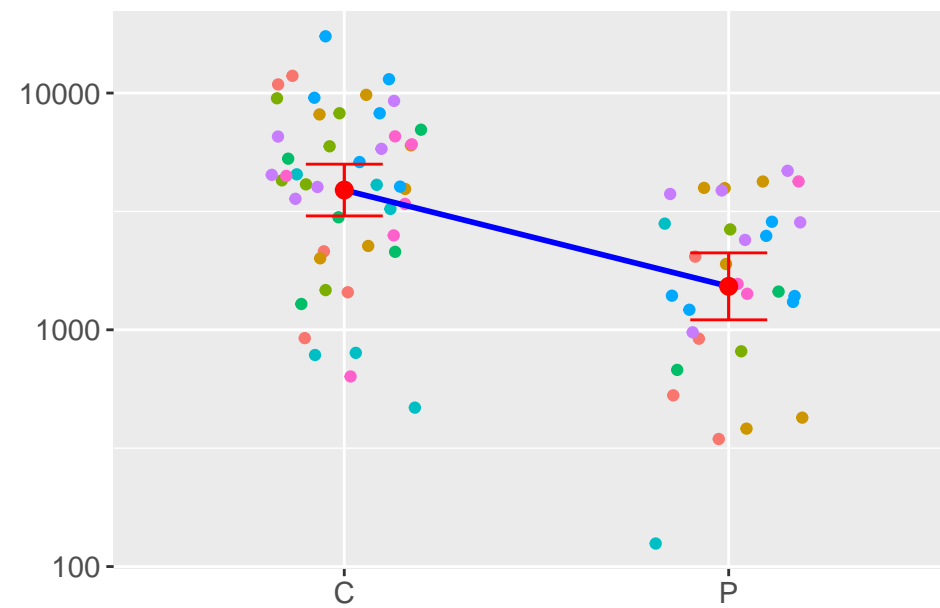

dual oxidase maturation factor 1

dual oxidase 2-like

hemocytin-like

PDGF/VEGF-related factor 1
